We have seen many rainbow pictures in the last few months reminding us of all the good that people are doing in their towns, cities and villages. Do you have a favourite colour? Mine is red! Do you have a favourite toy or book or tv programme?

In the Bible in the book of *Genesis* we read that Jacob had a favourite son. He wanted to show everyone this by giving him a special coat. It might have had many colours.

A famous musical called *Joseph and the Amazing Technicolour Dreamcoat* was based on this story.

If you would like to, try and design a special coat of many colours. While you are doing it listen to the song and see if you can find out how many colours there are.

Unlike Jacob, God has no favourites. He loves each one of us equally. Help us to treat everyone around us equally too. Have a good week!
