

Hi from the Junior Fun Church at Fareham Methodist Church

In our Gospel story today, there was a party of sorts going on. Jesus told a parable about a man who was having a big party for his son. The man throwing the party was the king, and his son was getting married and having a feast. The king sent out a whole bunch of invitations to people, but a lot of them said no. They refused his invitation and rejected going to the special feast, with silly excuses. Nobody wants to go to a party with no people. The king went out into the streets and invited everyone to his feast. All they had to do was put on a special piece of clothing to be presentable. A lot of people got to go to the party! But some people refused. Because of that, they couldn't stay at the feast.

What does this mean for us? The parable was an explanation of how God invites us to be part of His Heavenly family. God wants everyone to be at the "party" of Heaven. We don't have to do anything special to do that! As long as we recognise Jesus and what He means for us, our lives can be changed and made new. Because of Jesus, we can share that news and be part of God's family. The Gospel is a powerful and wonderful gift for all!

Why don't we thank God for that right now?

Have a good week everyone!
