

*Hi from the Junior Fun Church*

*at Fareham Methodist Church*

*This toy robot needs batteries to make it work. Do you have anything that needs batteries? Maybe a torch or a toy?*

*In this week's Bible reading from Mark's Gospel Chapter 1 verses 29-39, Jesus works really hard during the day teaching and healing. In the evening he takes himself off to be alone, pray to God and sleep. He is recharging his batteries!*

*Jesus shows us by the way he lived that we need to work and play hard but also rest and energise ourselves, be quiet and pray in order to be ready for what each new day brings.*

*There used to be a company making batteries called 'EVER READY'.*

*Help us to be EVER READY each and every day.*

*Can you make a robot out of empty boxes/egg cartons/mince pie cases/foil etc?*

*Have a good week everyone!*
