

*Hi from the Junior Fun Church*

*at Fareham Methodist Church*

Can you find an old tray or something similar? On it place between six and ten things which are quite different. If possible, can they be of different textures for example smooth; furry; prickly; rough etc

Now cover the tray with an old tea towel and ask a family member (or friend) to guess what they can feel. Maybe they could try to do a similar puzzle for you to guess.

In one of today's Bible readings (Mark Chapter 5 verses 25 -34), a lady who has been very unwell for a long time hears that Jesus is close by. She believes that if she touches him, she will be healed. In the large crowd she manages to touch him. Jesus understands that the woman has great faith in his healing powers and she becomes well again. It was the power of touch and her belief that cured her.

Touch is one of our five senses, let us be glad that we can enjoy all of the world around us using all of our five senses.

Have a listen to this famous song by Diana Ross. It's called 'Reach out and Touch'. In it there is a line that says 'Make this world a better place if you can'. Let's try to that in the coming days.

*Have a good week everyone!*
